Friday - 31 August 1973

1. [ ] - GLC) Jim Woolsey, Counsel, ~~Senate Armed Services Committee~~, visited my office today and reviewed NSCID's 1 through 8 in accordance with arrangements previously made by Senator Symington and Mr. Colby. Woolsey said the only item that attracted his attention at all was paragraph 7b of NSCID No. 3. This section states that the Department of Defense shall produce military intelligence. He said he might like to talk to Mr. Colby about this at sometime in the future. He also said that he might like to look at the version of the NSCID's which existed prior to the revision of 17 February 1972. Mr. Warner happened to be in the office at the time and said these largely reflected changes made because of the President's directive of 5 November 1971.
